Although after a while she also begins to love him, the Hindu-Muslim religious barrier acts as an obstacle between them. The film smoothly tells this love story, and. In the middle of the film, I realized that it was after, because all this time I watched without understanding anything. But this is actually good, because there is a feeling that this is only the beginning of this story; I just didn't know what was going to happen next, because they didn't show me this
